Oh! I almost forgot to turn it on!

I almost lost my way coming to the lab!

That's ok, everyone gets lost on their first week.

Now, where is the lab, again?

I can't find my shoes!

Hello, hey, A.L., I can't find my shoes, ok bye!
Luckily it only took an hour to get to the ocean!

Wow, I've never been in the ocean before!

Don't touch that, it's poisonous.

(Back at the lab)
I wonder what this would do if I...

This is cool, as long as I don't cause a fire!

What are you doing, L.G.?

You evil girl, don't touch that!!!

Steady, steady, done!
Crack!!

I love these samples!

These are amazing!

That crack scared ME! I must run.

Yes, he ran.

Sea Shells.

Look at these samples!
This looks suspicious.
